

Director: Paul Edwards

Qualifications: Chartered Construction Manager
HND in Building Studies

Prof. Membership: Chartered Institute of Building (MCIOB)

Paul has worked in the construction industry since 1983. Having commenced his career with a large international civil engineering contractor, Paul has spent a total of 24 years as a consultant on a wide range of projects providing management of commercial teams, preparation of adjudication submissions, and examination of detailed claim documentation and negotiation of terms or settlements on behalf of clients. Between 1995 and 1998 Paul worked as Commercial Manager responsible for the financial control of a South East based civil engineering company. In 2005 Paul became a founding Partner of GVE Commercial Solutions offering a range of commercial services to national and international clients within the construction industry. Paul has experience working within client and contractor organisations and has also run course presentations pertaining to the NEC suite of contracts.
